Brunswick, Maine 04011

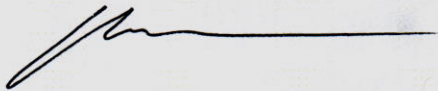

Dear Scott Samuelson:

The Department has received the materials submitted for the request for approval of the Fuji Clean USA LLC CE and CEN series wastewater treatment systems, models: CE5, CE7, CE10, CEN5, CEN7 and CEN10. The materials submitted regarding Section 905.100 f) of the Private Sewage Disposal Code, Accessibility for Inspection and Maintenance have been reviewed. The Department approves the above mentioned systems under the following conditions:

1. A permit from the Department or local health department must be obtained and approved prior to the installation of the above wastewater treatment systems.
2. The above approval does not relieve you from obtaining any other health department, zoning, subdivision or development permit, which may be required by any county or municipality.
3. The systems must be installed and meet all the requirements of the Illinois Private Sewage Disposal Licensing Act and Code.
4. Fuji Clean USA LLC will be responsible for assuring that all the requirements established in Section 905.100 of the Code, for sizing, installation, maintenance, service, standby parts, component parts, owner manual, operation and maintaining the integrity of the certification seal for the above mentioned wastewater treatment systems.
5. Approval of the above private sewage disposal systems by the Illinois Department of Public Health is limited to design and is in no way intended to guarantee the proper function of the system.

If you have additional questions, please contact me at the Division of Environmental Health at 217-524-4137, TTY (hearing impaired use only) 800-547-0466 or [chad.moorman@illinois.gov](mailto:chad.moorman@illinois.gov).

Sincerely,
